

# Another Warm Summer Night

Hmmmm Hmmmm Hmmmm  
Hmmmm Hmmmm Hmmmm

Another warm summer night  
Holding her, still thinking on you  
Did I try a little too hard  
Push a little too hard, trying to save you

Damned your demons left to their own device  
Came home and owned you  
Now they've got you out on that run, can't look back

*instrumental*

Well I met a new girl  
Claims I'm her whole world  
In a crazy new world I live

But every time I try to hold her  
There's your memory again  
Reminding me that she'll never be another you

*instrumental*

Since moved on ...  
Still trying to get along  
But Lord who knew  
Demons of my own would come home  
Now I'm running too  
Taking 'em on one by one ,, how about you?

Another warm summer night  
Holding her, still thinking on you

Hmmmm Hmmmm Hmmmm  
Hmmmm Hmmmm Hmmmm

Hmmmm Hmmmm Hmmmm
